¹ Specific [card terms](#) apply.

² The monthly fees for receiving and using a Holvi Business Prepaid Mastercard® is billed on a monthly basis (per billing cycle) and it is not affected by a subscription change during a billing cycle. Any change will be effective in the next billing cycle.

³ Please be aware that some ATM providers charge additional fees for the use of their ATMs and some merchants add a surcharge for accepting certain types of cards. You may also be subject to merchant's terms and conditions of business when you use the Holvi Business Prepaid MasterCard® and it is your responsibility to review and agree these before proceeding with a Holvi Business Prepaid MasterCard® transaction.

⁴ A Holvi Business Prepaid Mastercard® supports payments in multiple currencies. When you do a purchase and the payment currency differs from your card currency - the currency used to issue your card - Holvi charges 2% of the transaction amount on top of the Mastercard wholesale rate. FX fees may be charged at the time the purchase is made.

⁵ Chargeback is a demand by a card holder for a retailer to make good the loss on a fraudulent or disputed transaction.
